Proposed
C200moon**Application requirements**~~None specified.~~

The following application requirements apply to an application under Clause 43.01, in addition to those specified elsewhere in the planning scheme and must accompany an application, as appropriate, to the satisfaction of the responsible authority:

- A written statement assessing the impact of the proposal on the heritage place. The statement should include a description of the contributory elements of the heritage place and how they have informed the proposal.
- A written statement describing how the proposal meets the policy at Clause 15.03-1 of the scheme and the *City of Moonee Valley Heritage Guidelines* (Moonee Valley City Council, 2016).
- For applications where demolition is proposed on the basis of the condition of a building, a written statement by a suitably qualified consultant assessing the structural condition of the building and whether or not any defects can be repaired or restored.
- A Conservation Management Plan by a suitably qualified consultant in accordance with the *Australian ICOMOS Charter for the Conservation of Places of Cultural Significance 2013* (the Burra Charter).
- A written statement describing the impact of the proposal on the health or appearance of any tree contributing to the significance or setting of a heritage place.

Exclusions

These permit exemptions do not apply to:

- Places listed individually in the Heritage Overlay schedule, and/or
- [Significant](#) heritage places within precincts (see Section 2: Definitions), [and/or](#)
- [The Tweedside Estate Serial Listing](#).-

2 Definitions

The following definitions apply:

<i>Significant</i>	A <i>Significant</i> place is a heritage place that has cultural heritage significance independent of its context. That is, if the precinct did not exist, they are places of local significance that could be eligible for individual inclusion in the HO. These places may also contribute to the significance of a precinct. <i>Significant</i> places will usually have a separate citation and statement of significance
<i>Contributory</i>	A <i>Contributory</i> place contributes to the significance of a heritage precinct, but would not be significant on their own.
<i>Non-contributory</i>	<i>Non-contributory</i> places do not contribute to the significance of a heritage precinct. In some instances, a <i>Significant</i> place may be considered <i>Non-contributory</i> within a precinct. For example, an important Modernist house within a Victorian era precinct.
<i>Building Height</i>	As defined by Clause 72 Clause 73.01 General Terms in the Moonee Valley Planning Scheme.

Significant, *Contributory* and *Non-contributory* places within heritage precincts are shown on the precinct maps that form part of this incorporated [plan document](#) (see Section 4).

3 No Planning Permit Required

Under Clause 43.01-2 of the Planning Scheme, no planning permit is required for the following development:

For all development:

- ▶ Demolition of a building or part of a building on a property shown as *Non-contributory* on the relevant precinct map.
- ▶ Repairs or routine maintenance to a building that would change the appearance of that building on a property shown as *Non-contributory* on the relevant precinct map. This exemption does not apply if the repairs or maintenance would result in an extension to the building.
- ▶ Repairs or routine maintenance to the wall of a building that faces the rear boundary that would change the appearance of only that wall on a property shown

as *Contributory* on the relevant precinct map. This exemption does not apply if the repairs or maintenance would result in an extension to the building or to a property on a corner site (including a laneway).

For residential development in a Residential Zone:

- ▶ Construction or extension of an outbuilding with a gross floor area not more than 10 square metres and a maximum building height not more than 3 metres above natural ground level and that is situated within the rear yard as defined in Figure 1.
- ▶ Construction or extension of an open-sided pergola or verandah with a finished floor level not more than 800 mm millimetres above natural ground level and a maximum building height not more than 3 metres above natural ground level within the rear yard of any property as defined in Figure 1.
- ▶ Construction or extension of a deck with a finished floor level not more than 800 mm millimetres above natural ground level within the rear yard of any property as defined in Figure 1.
- ▶ Construction of an extension to a dwelling (see Note 1) on a property shown as *Contributory* on the relevant precinct map provided that all of the following conditions are met:
 - the property is not on a corner site (including a laneway);
 - the building height is not more than the building height of the original dwelling excluding any later extensions or additions;
 - the extension is sited within the rear yard as defined in Figure 1;
 - there is no alteration or extension to any part of the roof facing the front or side boundary;
 - there is no alteration or extension to any part of the front or side walls of the dwelling; and
 - the setback from side boundaries is not less than the setback of the existing dwelling.
- ▶ Construction of an extension to a dwelling (see Note 1) on a property shown as *Non-contributory* on the relevant precinct map provided that all of the following conditions are met:
 - the property is not a corner site;
 - the building height is not more than the building height of the existing dwelling
 - the setback from front (see Note 2) or side boundaries is not less than the setback of the existing dwelling.

- ▶ Construction of a front fence not more than 1.2 [metres](#) in height above natural ground level provided that the fence is constructed of timber pickets or woven wire and that this does not require the demolition or alteration of an existing front fence on a property shown as *Contributory* on the precinct map.
- ▶ Construction or demolition of side or rear fences including the installation of lattice or trellis. This exemption does not apply to:
 - side fences within 9 metres of the frontage; and
 - side fences along the secondary frontage of a property on a corner site (including a laneway).
- ▶ Installation of domestic services normal to [a](#) dwelling that may be visible from a street or public park provided that the installation:
 - is not attached to the front wall of the dwelling;
 - is not situated between the front wall of the dwelling and the front property boundary;
 - if attached to the side wall of a dwelling on a property shown as *Contributory* on the precinct map, it is setback not less than 4 metres measured from the minimum front setback of the dwelling (see Note 2);
 - does not project above the highest point of the roof;
 - is not situated on that part of the roof that faces directly toward a street (including a side street or laneway); and
 - if situated on part of a roof that faces a side boundary on a property shown as *Contributory* on the relevant precinct map, it is set back not less than 4 metres measured from the minimum front setback of the dwelling (see Note 2).
- ▶ Construction or extension of a domestic swimming pool or spa and associated mechanical equipment and safety fencing on any property provided that the pool is situated within the rear yard as defined in Figure 1.

NOTE 1: *For the purposes of this exemption 'Extension to a dwelling' is defined as an extension of not more than 50% of the floor area of the existing dwelling prior to the demolition of any part of the dwelling.*

NOTE 2: *For the purposes of this exemption the front setback is measured to the original dwelling and not to any later extensions or additions such as garages or carport*
