- [\*The Tweedside Estate Serial Listing\*](#).

## 2 Definitions

The following definitions apply:

<i>Significant</i>	A <i>Significant</i> place is a heritage place that has cultural heritage significance independent of its context. That is, if the precinct did not exist, they are places of local significance that could be eligible for individual inclusion in the HO. These places may also contribute to the significance of a precinct. <i>Significant</i> places will usually have a separate citation and statement of significance
<i>Contributory</i>	A <i>Contributory</i> place contributes to the significance of a heritage precinct, but would not be significant on their own.
<i>Non-contributory</i>	<i>Non-contributory</i> places do not contribute to the significance of a heritage precinct. In some instances, a <i>Significant</i> place may be considered <i>Non-contributory</i> within a precinct. For example, an important Modernist house within a Victorian era precinct.
<i>Building Height</i>	As defined by <del>Clause 72</del> <a href="#">Clause 73.01</a> General Terms in the Moonee Valley Planning Scheme.

*Significant*, *Contributory* and *Non-contributory* places within heritage precincts are shown on the precinct maps that form part of this incorporated [plandocument](#) (see Section 4).

## 3 No Planning Permit Required

Under Clause 43.01-2 of the Planning Scheme, no planning permit is required for the following development:

For all development:

- ▶ Repairs or routine maintenance to a building that would change the appearance of that building on a property shown as *Non-contributory* on the relevant precinct map. This exemption does not apply if the repairs or maintenance would result in an extension to the building.
- ▶ Repairs or routine maintenance to the wall of a building that faces the rear boundary that would change the appearance of only that wall on a property shown

as *Contributory* on the relevant precinct map. This exemption does not apply if the repairs or maintenance would result in an extension to the building or to a property on a corner site (including a laneway).

For residential development in a [R<sub>residential</sub> Z<sub>zone</sub>](#):

- ▶ Construction of a front fence not more than 1.2 [metres](#) in height above natural ground level provided that the fence is constructed of timber pickets or woven wire and that this does not require the demolition or alteration of an existing front fence on a property shown as *Contributory* on the precinct map.
- ▶ Construction or demolition of side or rear fences including the installation of lattice or trellis. This exemption does not apply to:
  - side fences within 9 metres of the frontage; and
